

## Spellings

Use spelling frame to learn your spellings. How many points can you earn? Can you win the weekly certificate?

## Geography

Search some of the earliest settlements in the world. Create a fact file about one of them. Where is the earliest evidence of humans settling? What makes a good place to settle?

## Reading

Read the book you bring home from school **at least three times a week**. Write a book review about your book. Ask your teacher for a sheet to do this.

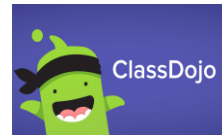

# Sycamore Class

## Home learning Grid - Summer 2

When you complete an activity, upload a picture onto Class Dojo. You can do the activities in any order.

*All resources will be uploaded on to Class Dojo, if you require paper copies please let your class teacher know.*

## Family project

Visit a place of interest with your family. This could include a park, an art gallery, museum, theme park, funfair, zoo, a local historical place of interest or anywhere else you can think of. Take some pictures when you are there and be prepared to tell the rest of the class all about your visit and what you did there. I have **loved** hearing about trips to Blackpool theme park, the Sandcastle Water Park and many more!

## Maths

Complete the maths worksheet provided by your teacher on Class Dojo. You also need to continue practising your times tables every week! Our multiplication check is this month so keep up the hard work!

## Reflect on the year

Think about all of the units and books we have learnt about and read this year. Create a poster about your favourite ones. Some of the units are below: Ancient Egypt, Biomes, Light & Shadows, Teeth & Digestion, the history and geography of Preston, solids liquids and gases, The Spider & the Fly, The Wild Robot, Dan Auta, The Rage of the Sea Witch & Darkness of Dragons. Draw illustrations and key events to create your poster.

## Science

Create or design your own habitat for an animal. Pick an animal and think of what it needs. For an example, a hedgehog needs protection, an area to forage for food, a quiet area, leaves or straw to use as a bed.
