

Class routines:

Reading books

Please read with your child where possible, even if it is for a few minutes. Remember our book change day is Monday but send your child in with their reading pack each day. Do not forget to initial their reading grid.

Homework

Continue to work on our homework challenges and send them in for us to celebrate. It has been lovely to see some children practicing their writing at home.

Spellings

As usual they will be sent out on a Friday and tested on a Friday – I have put some ways of practicing on our class page on the website.

PE

Our PE day has changed to a Monday.

Computing:

This half-term children will be exploring features of Microsoft PowerPoint. We will also be looking at how we find things on the internet and how to do so safely.

History

This half term we will be looking at lives of significant individuals in the past who have contributed to national and international achievements in aviation. We will be delving into the life on Amelia Earhart and find out why we remember her today.

Mathematics:

This half-term all pupils will begin looking at Multiplication and division. We will start off by looking at 'groups of' problem-solving help us understand multiplication and division. We will then look to develop our problem-solving skills using our knowledge of multiplication and division of the 2,5 and 10 times table. Remember your child can access TTRockstars to help them become more fluent in their times table.

English:

This half-term we will be jumping into the world of Aladdin. Using the text, we will have opportunities to look at new vocabulary, the events within the story, the characters and discussing our thoughts on the story. We will continue to work on noun phrases and tense as well as introducing different forms of sentences.

PSHCE:

This half-term we are learning about living in the wider world with a specific focus on different types of jobs and what skills we will need for these.

Music:

This half-term we will learning about Charanga where children will learn how to use glockenspiels to produce a piece of music.

PE:

This half-term our PE day is **Monday**. Our focus this half term is striking for accuracy. We will be developing our fundamental movement skills where we will develop our agility, balance and coordination individually and with others.

Art

We will continue to develop our sketching skills alongside exploring landscape paintings by Monet. We will be looking at using a variety of tools and techniques including different brush sizes. We will also be doing some colour mixing and finding out how to mix to achieve secondary colours.

Science:

In Science we will be exploring living things and their habitat. This is always a great topic that the children are highly engaged in. We will be looking at different habitats, microhabitats and food chains.

**Spring 1
– Hazel Class**
