

Autumn 1 – Hazel Class

Hazel Class Teaching Team
Miss Warburton and Mrs Dobson

Class routines:

Reading books

These should be changed each week. Please tell us how your child found the books and initial their 100-club grid so they can earn their reading rewards.

Homework

Please complete at least one homework challenge each week. Work can be sent via class dojo or handed in on paper.

Spellings

These will be given out on a *Friday* via class dojo and tested the following *Friday* in class. Please make sure you practice these words at home.

History:

This half-term we will be exploring flight! We will learn all about how planes have changed over time and what effect this has had on our holiday choices. We will explore how the Wright brothers began this rapid technological change and how this has led to Neil Armstrong flying to the moon! We will learn how to order events in chronological order and predict what might happen in the future.

English:

This half-term we will be exploring stories from the same author – Julia Donaldson. We will sequence and retell the story as well as looking at comparison between our three books.

PE:

This half-term our PE day is **Tuesday**. We will master basic movements including throwing and catching, as well as developing balance, agility and co-ordination.

Science:

In Science we will be exploring materials. We will learn their names and all about their properties. We will become building inspectors and ensure our school has used materials that are suitable for its purpose.

Music:

This half-term we will be learning to sing two new songs from memory and play instruments to match a beat.

Religious Education:

This half-term we are learning about Judaism. We'll find out about the Jewish festival of Sukkot as well as reading and retelling the story of Noah's Ark.

Art:

This half-term we will be exploring the work of the Mexican artist Frida Kahlo. We will learn how to create self-portraits and make our own art inspired by this artist. We will also learn how to use an app to create digital art.

Computing:

This half-term we will be learning how to use Purple Mash and Seesaw. We will learn how to stay safe online and about different technology inside and outside of school.

Mathematics:

This half-term all pupils will begin looking at numbers 10 – 100. We will explore place value and then how we can use our place value knowledge to help us solve addition and subtraction questions.
