

Home Learning Grid for EYFS Children:

Theme: Exploring "The Three Little Pigs," Spring Activities, Number Bonds up to 10, Waterproof Experiments, and Easter

Literacy:

1. Read "The Three Little Pigs":

- Enjoy reading "The Three Little Pigs" story together. Discuss the characters, setting, and plot. Encourage your child to retell the story in their own words.

2. Storytelling Fun:

- Act out the story of "The Three Little Pigs" using props and costumes. Encourage your child to use expressive language and gestures to bring the story to life.

3. Spring Writing Prompts:

- Write a short story or draw pictures about your favourite springtime activities. Describe the sights, sounds, and smells of spring.

Mathematics:

1. Number Bonds Practice:

- Practice number bonds up to 5 using everyday objects. For example, find different combinations of objects that add up to 5 (e.g., 2+ 3, 4 + 1).

2. Number Bond Bingo:

- Create a fun bingo game using number bonds up to 5. Draw or write numbers on a grid and call out number bond equations for your child to solve and mark off on their bingo card.

Science:

1. Waterproof Experiments:

- Explore waterproof materials and conduct simple experiments at home. Test different materials (e.g., paper, fabric, plastic) to see which ones repel water and which ones absorb it.

2. Sink or Float Activity:

- Fill a container with water and gather various objects from around the house. Predict whether each object will sink or float, then test your predictions and observe the results.

Creative Arts:

1. Spring Art Projects:

- Get creative with spring-themed art projects. Make paper flowers, paint spring landscapes, or create a collage using natural materials like leaves and flowers.

2. Easter Crafts:

- Get ready for Easter by making homemade Easter cards, decorating eggs, or crafting Easter-themed decorations for your home.

Outdoor Learning:

1. Spring Nature Walks:

- Take a nature walk in your local area and observe signs of spring. Look for budding flowers, chirping birds, and new growth in trees and plants.

2. Water Play Fun:

- Set up a water play station using buckets, cups, and water toys. Let your child explore pouring, scooping, and splashing while learning about water properties.

Family Time:

1. Spring Picnic:

- Enjoy a picnic in the park. Pack some springtime snacks and take a blanket to sit on while you soak up the sunshine and fresh air.

2. Easter Egg Hunt:

- Organize an Easter egg hunt around your home or garden. Hide plastic eggs filled with treats and let your child hunt for them.

Encourage your child to explore and engage with these activities at their own pace. Feel free to adjust the activities based on your child's interests and developmental stage. These activities are designed to encourage hands-on learning and foster creativity while exploring various themes.
