

## Geography

This half term, we will learn about the different biomes that make up our planet. We will explore the different climates, what lives and grows there as well as the features of rainforests

## DT

In Design Technology we will be making our own bag that a hunter gatherer could use to gather items during the Stone Age. We will investigate different bags that we use today then design and make our own bags.

## Mathematics

In mathematics we will be moving onto the topic of fractions. This is something that we have found tricky, so we will revisit our learning from previous years to consolidate this before moving on to new content. We will also continue our focus on times tables, so please continue to practise these at home on TTRockstars.

# The Roebuck Primary School Curriculum Overview - Spring 2

## Beech Class

If you have any questions or concerns, please do not hesitate to get in touch via class dojo and we will get back to you as soon as possible.

Mr Blundell & Miss Hargreaves

## Literacy

In our Literacy lessons we will explore the traditional tale: Rumaysa. We will explore the text, focusing on vocabulary and sequencing as well as exploring the characters thoughts and feelings by generating questions and making predictions. We will end the unit by creating our own version of a traditional tale.

In our grammar sessions we will be focussing on nouns and proper nouns.

Homework - Children can complete the tasks in any order. Please bring your completed tasks in to school, or send in via Class Dojo. We love to see the work you have been doing at home!

Reading books need to be brought back in to school every day.  
Make sure you are *reading at home at least 3 times per week.*

## Physical Development

This half term our PE sessions will focus on gymnastics. They will continue to take place on **Wednesdays**. Full PE kits should be worn all day on this day. That includes the red PE t-shirt, black shorts and jogging bottoms, school jumper and pumps.

## PSHE

In PSHE we will look at managing risks. We will investigate what risk is in different scenarios and how to manage them.

## Science

In Science we will be continuing our learning about plants. We will be looking how water is transported around the plant as well as investigating how the flower is important in the plant life cycle.
